STATEMENT OF THE SUBSTANCE OF THE INTERVIEW

Sir:

In response to the Interview Summary mailed June 20, 2005, please consider Applicant's Statement of the Substance of the Interview conducted on June 15, 2005 set forth below.

Applicant notes the following corrections and clarifications to the Examiner's interview summary:

1. With regard to the interview participants, the correct spelling of participant (2) is "Michael P. Doerr."

2. Applicant agrees that the issue of scrolling lineal images as a navigable image within an internet site was discussed.

3. Applicant disagrees with the statement by the Examiner:

"The examiner explained how the provisional application meets this limitation. Specifically, the issue of navigating an image and moving it sideways or up and down."

4. Applicant disagrees that the Ferreira provisional application meets the limitation. Further, the difference in the manner in which the Ferreira provisional application and the present invention provide for navigation was discussed. Specifically, the linear perspective navigation of the present invention, as compared to the fixed point rotational perspective navigation of the Ferreira reference, was discussed.

Respectfully submitted,

Dated: 7/15/05
